

STAR PARTY 2010

Splat! There goes another bug on the windshield. Anyone who has driven down a country lane has seen it happen. A fast moving car, a cloud of multiplying insects, and a big disgusting mess. The next time that happens to you, think of it as an astronomy lesson. Your car is Earth. The bugs are tiny flakes of comet dusk. The result on your windshield...it is a meteor shower!!

Evergreen Space Museum open until 8 p.m.

Cosmo Café open until 7 p.m.

Have dinner before the Star Party activities or enjoy an ice cream treat.
