

Discovery Ambassadors Program

Do you have an interest in aviation and space exploration?

Then we want you to join our team and share your enthusiasm with others as a **Discovery Ambassador!**

This program for ages 12-18 allows youth to develop their communication and presentation skills while earning résumé building experience in a safe and enjoyable environment.

By becoming a member of our team, you will get to do exciting hands-on demonstrations for museum visitors on weekends. Located throughout the museum are Discovery Carts that contain fun educational materials such as a wind tunnel and unique historical memorabilia. Using these supplies, you will present and explain concepts such as aerodynamics, aerospace science, and forces in motion, while also highlighting space program spin-offs and bringing the tales of historical figures to life.

As a Discovery Ambassador you will have the opportunity to learn cool new things, gain valuable experience, be a part of a rewarding team, and make new friends!

- Behind the scenes access to the museum
- Admission to special Education Department events
- IMAX® tickets
- Fun trips and events with your fellow Discovery Ambassadors
- A Spruce Goose Café meal on your volunteer day.

For more information or to get involved, contact our Program Coordinator today!
